Promoting Key Competences  
(Entrepreneurship) Through An Integrated  
Career Orientation Programme And Flexible  
Learning Pathways For Vet Students  
Entre@Vetschools

Submissionno:  
2018-1-DE02-KA202-005130

## ABOUT THE PROJECT

The transition from school into professional life is one of the most challenging moments in life.

## WHO IS IT FOR?

**Direct target group:** VET Students (focus on students with fewer opportunities)

**Indirect target group:** VET Career Counsellors/Advisors

## GET IN TOUCH

-  [Entrevet.eu](http://Entrevet.eu)
-  [facebook.com/entrevet](https://facebook.com/entrevet)
-  [entrevetschools](https://entrevetschools)

We are happy to announce that the ENTRE@VET e-learning platform is ready to be used by both VET trainers and students. The aim of the platform is to provide access to a professional development course, resources and tools for teachers/ professionals in order to explore further key competences and skills related to entrepreneurship with their students.

Find more here: <https://academy-entrevet.eu/>

## Short-Term Joint Staff Training Event (C1)

An intensive training course was offered to VET Career Advisors and teachers from around Europe related to entrepreneurial fields. The event was planned to take place in Cyprus, but due to the restrictions imposed by the COVID-19 pandemic, the event took place virtually.

Apart from the professional development aspects of the training, participants had the opportunity to pilot-test and review all the material, products, process and procedures so far. The participants of the event will take the role of Mentors when implementing the ENTRE@VET Schools Career Programme in schools.

“

*“The way to get started is to quit talking and begin doing.”*

- Walt Disney

## THE NEXT STEPS

The next steps will involve the development of the ENTRE@VET School Toolkit, which is expected to guide the implementation of the programme in VET schools, training and educational centres. During the implementation of the pilot testing VET students, Career Advisors / VET teachers and experts in the field will be trained in each partner country through various activities related to entrepreneurial skills and competences.

If you are interested in participating in our pilot training event, please get in touch with us through our social media/ website to express your interest!

Stay tuned for more updates!
