THE KICK-OFF MEETING

The kick-off meeting of the project titled: “Entre@VetSchools”, took place in Hannover, Germany between the 2nd – 3rd of May 2019.

The project highlights the European Commission’s aims to develop entrepreneurial skills that will not only contribute to new business creation, but also to the employability of young people.

The main objectives and the first outputs of the project were discussed and analysed.

ABOUT ENTRE@VETSCHOOLS

Developing a career is a process, not just a destination. Unfortunately, not enough attention is paid to the developmental process required to engage in thoughtful, thorough career development.

Therefore the aims of the project are:

- To map out and assess the role of career guidance in supporting entrepreneurship learning in initial vocational education and training.
- To design and offer a professional development programme for career advisors in order to upgrade the services provided to VET students for a better career orientation towards entrepreneurship routes.
- To create the **CAREER HUBS** based on the creation of synergies between the labour market, SMEs, schools VET etc. in order to support the work-based learning opportunities to be offered to students, as well as real-life opportunities.

“

“The way to get started is to quit talking and begin doing.”

- Walt Disney

THE SECOND MEETING

The second transnational meeting took place in Lancaster-UK, between the 17th – 18th of October 2019.

The teaching materials and activities of the project were discussed and analysed.

The partners also explored the Lancaster and Morecambe area and enjoyed our local hospitality. The next meeting will take place in Iceland, February 2020.
