

Project FINE2WORK international team on-line meeting and greetings for 2021

Project FINE2WORK international team from Latvia, Portugal, Bulgaria and Cyprus continue cooperation by organizing regular online meetings. Today, December 15, 2020, team met in order to discuss project progress and continue work with teaching material development for strengthening adult financial, digital and entrepreneurial skills particularly for home-based adults and women.

In year 2021 project team developed the training material framework and identified the training needs as well as started the work with content creation. The training material pilot testing with partner organization staff and target group will be launched in 2021.

FINE2WORK international teams wishes all cooperation partners and adult learners a Happy New Year! We do hope the project results will help adult learners to become more entrepreneurial and digital in 2021.
