Di2Learn

DISTANCE-DIGITAL TEACHING AND LEARNING IN THE POST-COVID-19 ERA

The Training Session in Cyprus

From the 19th to the 23rd of September, the Di2Learn Consortium conducted Training sessions during which students, parents and teachers of diverse nationalities were invited. Hosted by Emphasys Centre, our Cypriot partner, each partner organization presented the materials they have created in order to receive valuable and objective feedback from the attendees.

As mentioned, the main aim of these diverse sessions was to improve the resources created through honest feedback. However, it was also a good opportunity for the partners to come together and record the three different PODCASTS targeted to teachers, parents, and students!

Co-funded by the Erasmus+ Programme of the European Union

PODACAST Sessions

During the training all partners came together for two days to create and record the following three video-podcasts:

- Becoming a teacher of the future: distance learning - *For TEACHERS*
- Tips and tricks in distance learning - *For STUDENTS*
- Risks and dangers during distance learning - *For PARENTS*

Each podcast has a duration of approximatly 30 minutes. During the podcasts, different organisation represenatives discuss the resources that they have developed through the project as well as the need to adapt new methods and methodologies in education.

Don't miss our future *Virtual Di2Learn Academy* for Teachers, Parents and Students!
