

Launched in November 2022, this Erasmus+ KA2 Strategic partnership project entitled **BeAusome: Promoting Teachers' Professional Development and Inclusion through the Integration of Emerging Technologies in the Teaching of Children with Autism** aims to:

- Introduce and integrate digital pedagogies for teachers' professional development
- Boost parental involvement in children's education
- Develop a Dual Educational programme for educators and parents to be trained on the digital skills necessary to implement digital programmes for children with ASD
- Use VR technologies to develop social and digital skills of children with ASF to enhance social inclusion

During its lifetime (30 months in total), the project Consortium, formed by 6 European entities (Społeczna Akademia Nauk- Coordinator- and Fundacja Zrozumiec Autyzm from Poland, PERIFEREIAKI DYETHINSI PROTOVATHMIAS KAI DEFTEROVATHMIAS EKPAIDEFSIS KENTRIKIS MAKEDONIAS from Greece, Special School Nicosia and A & A Emphasys Interactive Solutions Ltd from Cyprus and Associação Portuguesa para as Perturbações do Desenvolvimento e Autismo de Coimbra from Portugal), will be involved in the development of the following 5 Work Packages:

WP 1: Project Management

WP 2: Be Au-Some DUAL Pack: Game scenarios, educational pack

WP 3: Be Au-Some VR Game and e-learning platform

WP 4: Training mobilities

WP 5: Be Au-Some Tool Kit and School Action Plan: dissemination and exploitation strategy

The target groups of the project are:

Direct target groups:

-Primary School Teachers and Special Needs Teachers

Indirect target group:

- Primary School Children (8-13) with ASD

- Parents, Social Workers, Psychologists

- Community actors: Primary and secondary schools with Special Education Units, Educational centers and training centers, Associations and Organizations which promote rights of children with ASD, etc
